

BSSB-1.0 — Belspray 1.0m Spraybar For bitumen emulsion or concrete cure material Fits any Belspray Classic chassis

Another accessory for the Belspray range of sprayers — a 1.0m covered spraybar which will retro-fit onto any Belspray Classic sprayer. It comes with 4 No 1/4" spray jets, a 1/2" shut-off valve and a 3m hose. The spray bar comes with a metal spray shield (for concrete cure) or metal framed spray shield covered in 3mm black rubber sheeting to minimise any overspray.

Spraybar shown in working position and shown being put in position on a Belspray Classic frame
